

February 8, 1994

Randy Sturgeon
Remedial Project Manager
United States Environmental Protection Agency
Region III (3HW42)
841 Chestnut Building
Philadelphia, Pennsylvania 19107

Dear Mr. Sturgeon,

This is in accordance with our discussions on January 8, 1994 regarding the Proposed Plan for the Dover Gas Light Site, Dover, Delaware. Chesapeake requests time be given for a short presentation of our comments on the proposed plan during the Public Meeting, which is being held on February 17, 1994 in Dover, Delaware. This appears appropriate, since Chesapeake Utilities prepared the Remedial Investigation Report and the Feasibility Study Report, upon which the Environmental Protection Agency's Proposed Plan is based. If I may be of further assistance, please contact me at (302) 734-6787.

Sincerely,

Edward Dunlap
Engineering Manager
